

CERTIFIED FIRE PROTECTION SPECIALIST TRAINING & CERTIFICATION EXAM

2-DAY CLASSROOM TRAINING

This 2-day classroom training is designed to help you prepare to take the CFPS Certification Exam, which is offered on Day 3.

The audience for this training includes risk managers, loss control specialists, fire officers, fire marshals, fire inspectors, safety managers, fire protection consultants, designers, engineers, architects, code enforcers, facility managers and others who have responsibilities dealing with the application of fire safety protection prevention and suppression technologies.

Included with this course are the following materials:

Fire Protection Handbook 20th edition, (fifth printing) published in 2008

This 2-volume handbook has an approximate value of \$257 if purchased separately.

The 2-volume *Handbook* serves as the body of knowledge for the examination. The CFPS Primer, while not a test prep classroom training, does offer practical instruction that will help you quickly locate specific facts within the encyclopedic handbook. If you are serious about your career in fire protection, the CFPS credential serves as a distinguished mark of achievement within the profession.

NFPA® offers the CFPS Certification for the purpose of documenting competency and offering professional recognition for individuals involved in curtailing fire loss, both physical and financial. The CFPS has been awarded to more than 4,000 people who have demonstrated a level of professionalism through applied work experience, related education opportunities, and successful completion of a certification examination. The CFPS Certification is ANSI accredited. A high level of proficiency with the NFPA®'s **Fire Protection Handbook®** is crucial to your success on the CFPS examination.
