

Fire Alarm Systems

Level II Selected General References

Candidates are permitted to bring only the following three references into the test center:

<u>Title</u>	Edition*
NFPA 70	2011
NFPA 72	2013
IBC	2012

^{*}The test questions are based on the standard editions listed above; therefore, candidates are strongly urged to bring these editions to the exam. Note: candidates may bring older or newer editions—instead of the editions listed above—at their own risk.

Note: An NFPA Handbook will NOT be accepted as a substitute for any of the titles listed above.

Note: References must be bound or secured in a three-ring binder with a title page. They may have highlighted text and self-adhesive index tabs or dividers, however they <u>must be permanently attached</u>. No other additions or modifications to the references are allowed. References with loose paper or pages and freestanding tabs (e.g., repositionable sticky notes/tabs of any kind) are not permitted into the testing centers.

In addition to the references listed above, the following publications can provide some of the job knowledge required by a fire alarm systems technician. While these books may help you prepare for the exam, they are NOT

permitted in the test center.

29 CFR 1910: Occupational Safety and Health Standards.

29 CFR 1926: Safety and Health Regulations for Construction.

Active Training. Mel Silberman, Jossey-Bass.

AIA Contract Documents, The American Institute of Architects.

Construction Contracting. Richard H. Clough, Wiley-Interscience.

<u>Construction Management – Jumpstart.</u> Barbara J. Jackson, Sybex.

Fire Alarm Signaling Systems. Richard W. Bukowski, National Fire Protection Association.

<u>Guide to Contract Documents</u>. Waller S. Poage, Construction Publishers and Consultants.

NFPA 101 (2012): Life Safety Code

Project Management. Harold Kerzner, Wiley.

Project Management. Michael S. Dobson, Adams Media Corporation.

Safety Training Methods. Jack B. ReVelle, Wiley-Interscience.

UL 864 (2003): Control Units and Accessories for Fire Alarm Systems, Underwriters Laboratories.
