Arun,

Below is map off our website that shows water lines and fire hydrants near 321 E 800 South in Springville. You can also access this at <https://maps.springville.org/emap/#>.

We don't have flow test information. It is common practice for fire suppression companies to do their own flow tests. If you want to schedule one for Heritage Gardens Care Center, you can call Travis Kunz in the Water Department at 801-489-2740.

Thanks,

Would it be possible to get a water pipeline map of locations of hydrants & water lines /taps & Flow Tests you may have for this area?

Thanx ever so. 😊
